Recently, the Lipper Fund Awards recognized the top-performing funds. In the category Mixed Assets CHF (3 years), the W&P Dynamic Growth CHF fund of Wyss & Partner AG was awarded 1st place. This distinction is both proof and special recognition of our consistent investment strategy, our in-depth analysis, and the sustainable performance we deliver to our investors.

What does this mean for you? With our fund, you benefit from a clearly structured investment process based on proprietary research. This research is used daily to analyze markets, sectors, and individual securities. Every investment is carefully evaluated, opportunities are identified, and risks are actively managed — a process that can make all the difference. The result is an investment approach that focuses on consistency, even in challenging market phases, rather than chasing short-term trends.

Even as a retail investor, you can participate in this strategy fund without being a direct client of ours. The fund is available through your house bank and can easily be added to your existing portfolio.

Behind this success is our dedicated team, working with high expertise, clear structure, and great passion. Thanks to our manageable size, our clients benefit from short decision-making paths, direct communication, and flexible implementation of investment ideas.

Samuel Hiller, the fund manager of our award-winning fund, manages it with experience, foresight, and clear investment discipline. He ensures that every decision is transparent, understandable, and focused on long-term value creation. The combination of research, strategy, and risk management has brought our fund to the top and makes it a reliable solution for investors who value sustainable performance.

Wyss & Partner is based in the Sarganserland and is one of the largest asset managers in the region. This combination of local roots, international market expertise, and teamwork makes us proud and motivates us to consistently continue on our path.

We are happy to advise you on all your financial matters. Our services include the individualized management of private wealth, foundation assets, and pension funds. We stand for continuity, personal proximity, and long-term thinking.

The LSEG Lipper Fund Awards, granted annually, highlight funds and fund companies that have excelled in delivering consistently strong risk-adjusted performance relative to their peers. The LSEG Lipper Fund Awards are based on the Lipper Leader for Consistent Return rating, which is a risk-adjusted performance measure calculated over 36, 60 and 120 months. The fund with the highest Lipper Leader for Consistent Return (Effective Return) value in each eligible classification wins the LSEG Lipper Fund Award. For more information, see lipperfundawards.com.
